MOMENTARY FLAG MOUNT:
 Conveniently positioned on the forward facing side of any SS-30 / SS-20 flag mast, this option enables the owner of the vessel to conveniently display any standard fabric flag such as a quarantine, dive flag or burgee. The rod holder allows for the quick and easy removal of the momentary flag when needed while the main host American Fast-Flag remains solidly in place. Ideal for most dive vessels or for traveling to and from the islands.
